Year 3 have been working well together during maths lessons. This week, we have been building, partitioning, expanding, and drawing 3-digit numbers.

This week we had a lovely time in Young Carers club, decorating cupcakes and sharing our news with the group.

It's been a busy week in computing at Aldwyn Primary. In Computing, Year 4 have been using the technology to support their learning for their geography unit. They shared their knowledge and understanding by using an online collaborative board. It was great to see the different ideas that the children shared on the collaborative ideas board.

Year 6 have continued learning about e-safety and fake news. We had a whole class discussion about the good and bad points of going online and also the dangers. Over the next few weeks children will be creating their own fake news stories complete with supporting graphics.

## European Day of Languages 26<sup>th</sup> September 2023

On **Tuesday 26<sup>th</sup> September** we will be celebrating European Day of Languages throughout school. This special day was established in 2001 to celebrate language learning across Europe.

We would like children to come dressed in the national costume or colours of the flag of their class's country on **Tuesday 26<sup>th</sup> September**.

Classes have chosen countries which have particular meaning to staff or pupils in the class, or which link with an area of learning through the year.

Miss Haygarth would be grateful of any kitchen roll tubes for an activity that they are carrying out during the day.
